

ABB66011AS Freezer

The safest storage conditions for your frozen food

The electronic temperature control in this freezer keeps the temperature steady and accurate, preventing fluctuations for the highest safety standards.

Perfectly fresh food – straight from your freezer

The FastFreeze function activates the maximum freezing power, so your fresh produce freezes as quickly as possible. The freezer then returns to its normal setting.

Perfect control over the freezer's storage conditions of your food

For precise control over your freezer, the visible and audible alarms alert you as soon as the temperature rises too high. The upright freezer also records the highest temperature reached.
