

Every glass securely held in place. For better glass protection

The GlassCare system helps protect delicate glassware. It uses SoftSpikes to safely hold glasses in place, and has a unique bottom rack that securely holds stem glasses, protecting them from excessive vibration that can lead to breaking.

Product Benefits & Features

Superior Cleaning and best glass care

Your delicate glasses can not be cleaned in a safer way thanks to AEG SoftGrip and SoftSpikes which perfectly holds your glasses, protecting them from getting damaged.

- 44dB - ExtraSilent 42dB

- Cutlery basket
- Lower basket with 4 foldable plate racks, GlassHolder, Plastic handle
- AQUA-CONTROL
- Installation in height
- GlassProtectionSystem
- Indications for salt and rinse aid

At-a-glance check

This dishwasher has a clever way to keep you fully up to date with the status of your dishes. Its beam-on-floor technology projects a red light onto the floor while the cycle is still in progress. And when everything is ready to unload, it switches to a green one. Simple, and effective.

Powerful dishwashing. With SatelliteClean®

Experience impeccable dishwashing with SatelliteClean®. This spray arm has three-times better coverage than the standard. Because the double rotating arm constantly changes the angle of the spray. Water reaches every corner. For a complete clean.

Open-door drying with AirDry

AirDry technology delivers up to three times better drying performance when compared to closed-door systems. The door automatically opens at the end of the drying phase and air is circulated inside the machine. Dishes emerge perfectly dry. Every time.
