

### **Barista-level coffee. Served to taste**

Connoisseurs can select from a range of hot drinks with the integrated Coffee Machine from AEG. The at-home solution enables barista-level coffee, from an intense espresso to a frothy cappuccino, as well as a wide selection of other hot drinks. Everything made to taste using the highly-responsive command wheel with clear colour

## **Product Benefits & Features**

### **For a true cappuccino, with the perfect proportions of milk and foam**

To make a truly authentic cappuccino, use the cappuccinatore jug to steam and foam the milk to suit your own taste.

- Coffee machine for built-in installation
