

PE4571-M Coffee Machine

Brew like a barrista – make up to 6 cups of coffee at once

The MultiCup setting on this built-in coffee machine in combination with the special jug enables you to brew between 4 and 6 cups at once.

For a true cappuccino, with the perfect proportions of milk and foam

To make a truly authentic cappuccino, use the cappuccinatore jug to steam and foam the milk to suit your own taste.

Fresh coffee at just the right strength for you

Thanks to its Coffee Taste function, this built-in coffee machine provides the control you need to precisely adjust the strength of each cup of coffee.
