### Versatility for every purpose

Preparing many dishes at the same time or cooking for a dinner party? The MaxiSense Plus hob is made for those occasions when you need more options, with equally tasty results. It's FlexiBridge feature means you can customize your own cooking area, combining

### The adaptable surface for every pan

The MaxiSense® induction hob has self-sizing cooking zones. That means each zone detects the sizes and shapes of the pans you're using, however large or small, and sends immediate heat to fit their bases exactly. So you have complete control, and the

### Combine zones to cook more

This hob can easily cope when you're cooking large amounts – or simply with bigger pans. Just touch the Bridge button to link and control two cooking zones together to fit any large or long pan. Sharing the same temperature and time setting, the linked zones are
