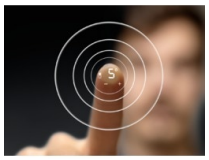
Adaptive cooling. Less waste
The 5000 ColdSense Fridge Freezer rapidly returns to the correct temperature after door opening and closing, thanks to precise electronic sensors. This helps to avoid temperature shocks and food spoilage, reducing food waste by up to 20%.*

Product Benefits & Features

LowFrost makes defrosting easier, and needed less frequently
Efficient Fridge Freezer with advanced Low Frost technology which makes the work of defrosting easier and less often needed by using hidden cooling circuits that minimize frost build up.



Fine-tune settings with Touch Electronic Control
Take complete command of every fridge function with Touch Electronic Control. The panel and LED display offer effortless access to temperature and general settings. Fine-tune everything with precision for superior food storage.

Place bottles where you want, with this convenient Bottle Stop
This functional and premium freestanding Bottle Stop can easily hold several bottles. It allows you to place it where it's most convenient, so you can arrange your Fridge Freezer space how you like.

LED lighting illuminates every corner
The internal LED lighting produces a discreet, soft light, shining evenly across the whole space. Plus, LED bulbs are smaller and more energy efficient than standard bulbs – a more sustainable choice.

More robust, more stable. With safety glass
For optimum stability and day-in-day-out robustness, all shelves are made of safety glass – the best material to ensure perfect reliability.
