

#### Open the door to natural drying

The Series 20 AirDry dishwasher automatically opens the door in the final part of the cycle, letting fresh air inside – performing three times better than our closed-door systems. Automatic drying, with no extra effort from you. Just unload when it suits your schedule.

### Product Benefits & Features

#### Three times better drying, with AirDry

AirDry technology lets air into the dishwasher in the last phase of the drying process. The door will automatically open to allow a 10cm gap, for up to three-times better drying, compared to our closed-door systems.

#### It's so nice the QuickLift basket can adjust its height

It just got a lot easier to load or remove dishes with the QuickLift basket. Even when the basket has a full load packed with bulky items, the QuickLift system allows you to adjust the height so you can easily reach your dishware.

#### Quick cycle, to suit your schedule

The Quick programme is ideal when you're short on time, with light loads treated in just 30 minutes. Clean dishes, on your schedule.

- Water sensor detects the level of dirt and adjusts water consumption
- Touch control for programs and functions selection
- AutoOff
- Warm water 60°C
- 6 programmes, 3 temperatures
- Dishwasher programmes: 90 Minutes, AUTO Sense, Eco, Machine Care, Quick 30 Minutes, Rinse & Hold
- Options: XtraPower
- Delay start option: 3h
- Buzzer
- Inverter motor
- Height adjustable upper basket, even when fully loaded
- Upper basket with
- Cutlery basket
- Lower basket with Fixed plate racks
- Aqua Control
- Panel with symbols
- Indications for salt and rinse aid

#### Total peace of mind, with MachineCare

The MachineCare programme is designed to keep the dishwasher working at its best. When combined with our special cleaning detergent, grease and limescale are washed away, for better performance and cleaner dishes.

#### Maximum efficiency, with AutoSense

The AutoSense programme adjusts cycles based on how full the dishwasher is, and how clean or dirty the dishes are. It will only use the necessary amount of water and energy needed for the best results.
