

Open the door to natural drying

The Series 20 AirDry dishwasher automatically opens the door in the final part of the cycle, letting fresh air inside – performing three times better than our closed-door systems. Automatic drying, with no extra effort from you. Just unload when it suits your schedule.

Product Benefits & Features

Three times better drying, with AirDry

AirDry technology lets air into the dishwasher in the last phase of the drying process. The door will automatically open to allow a 10cm gap, for up to three-times better drying, compared to our closed-door systems.

- LED display
- Warm water 60°C
- 5 programmes, 3 temperatures
- Dishwasher programmes: 160 Minutes, 90 Minutes, Eco, Quick 30 Minutes, Rinse & Hold
- Options:None

- Upper basket with
- Cutlery basket
- Lower basket with Fixed plate racks
- Aqua Control
- Anti fingerprint stainless steel finishing
- Panel with symbols
- Indications for salt and rinse aid

Every dish clean thanks to dual spray arms

Get your dishes glistening with rotating dual spray arms that make sure water thoroughly washes plates and glasses inside and out on both the dishwashers upper and lower basket for sparkling results.

Quick cycle, to suit your schedule

The Quick programme is ideal when you're short on time, with light loads treated in just 30 minutes. Clean dishes, on your schedule.

PerfectFit, for effortless installation

The PerfectFit sliding hinges make it really easy to ensure your dishwasher blends in with the rest of your kitchen. The hinges are designed to suit all counter top heights, removing any need to cut the plinth. The perfect fit, every time.

Rinse and hold pre-washing keeps your dishwasher fresh

If it takes you a few days to fill up the dishwasher, the rinse and hold programme will prevent the build-up of odours in the meantime. Water jets remove food remnants from plates and glassware, making sure the kitchen stays fresh.
